Library Links in Canvas

Let us show you how to create dependable links to library resources for your Canvas courses.

Program support through collaboration.

Tell us about new ideas, needs or updates in your program area. We'll use this information to supply resources specific to your program or class.

- What resources do you refer your students to beyond their textbooks?
- What assignments are required outside of class?
- Do your students struggle with a concept or need resources to study for a career test?
